Riverbank, Kimmeridgian soil

Fermented in tank and 21 months of
aging on slats

Certified Organic

100% Pinot Noir

About the Winery/Winemaker

Petit Clergeot was established in 2017 by Paul-Bastien Clergeot. Based in the Côte de Bar, Paul manages 8 hectares across the village of Polisot. Embracing organic viticulture from the outset Paul obtained certification in 2021. He employs biodiverse practices in the vineyards using pigs, sheep and actively composting, setting him apart from the rest of the village around him. Bucking tradition, the approach for all the wines is one plot, one variety, one vintage, yielding incredibly expressive site specific wines. Much like Paul himself these wines are full of energy and verve we find them to be some of the most compelling in Champagne's natural wine movement.
