About the Winery/Winemaker

Anastasia and Michele, the Greek and Italian powerhouse behind Domaine de Romarand, purchased land and a chateau in Beaujolais and released their first vintage in 2021. With Greek hospitality at the forefront of their dreams for the Domaine, you'll find their wines to be approachable, shareable, and well-done. They will be the first ever Assyrtiko growers in all of France, and bring a unique air to Beaujolais that we are proud to represent. Organic farming and currently in full conversion. Anastasia Kritikou Dall'Aglio is the winemaker here at the forefront of the show.
