Fermented in small open top tanks and punched down twice daily for fermentation. No extended

maceration, pressed and drained to barrel for malolactic fermentation and aging. Aged in neutral oak barrels for 18 months

Certified Organic

100% Pinot Noir

---

## About the Winery/Winemaker

Native fermentation and Western Sonoma County fruit make the foundation of this wine. This wine has aromas of red fruit and light floral notes, leading into flavors of wild strawberry, and cranberry. Bright acidity and fine tannins provide structure and balance, while subtle forest floor notes add complexity. The finish is fresh and lively, showcasing the coastal influence and purity of fruit that define this approachable yet expressive Pinot Noir. Glassable domestic Pinot Noir from the Sonoma Coast aiming for varietal and regional recognition while still maintaining the ethos of Pangea Selections, organically farmed, made with native yeast, minimal intervention in the cellar. Crafted with conscience and serious groove. Little Disco is ready to turn up the volume on your BTG list, wine clubs, and more. We will keep the Disco going all year long!
