Hand harvested, 24 hours on the skins overnight, pressed and settled then racked into stainless for a 1 month fermentation. Aged 8 months on lees 50% in neutral barrel, 50% in stainless steel

Practicing Organic

100% Chardonnay

About the Winery/Winemaker

Elisa Guerin is a vanguard of the Beaujolais's new generation of progressive vignerons. Elisa is a 2nd generation winemaker based in the village of Chenas, while most of her family's holdings which she farms are across Moulin-a-Vent and Chiroubles. After studies in agronomy and a brief career as a gourmet producer importer in Paris, she came home to continue the family's cellar, with her first vintage in 2019 (Pangea has been importing Elisa's wines since the very first vintage!). She has converted in the family's five hectares to regenerative farming practices with her adorable and aptly-named terrier, Gamay, always at her heels. While a young winemaker and perhaps a less established name, Elisa is contemporaries...or maybe I should say pals with the younger generation of more familiar names like Folliards and Metras. The wines have begun to gather a global cult following, and with absolute merit. The precision and transparency of terroir Elisa captures in each cuvee is something truly noteworthy.
